IVSA data-processing kit

Rudolf Cardinal. 1 July 1999.

IVSA response graph.xls

Copy and paste the data from the Access query Response graph (→ Excel) (by selecting the top rows) into the top left of the IVSA response DATA worksheet. The graphs will update automatically. There are some full-screen graphs and some in a worksheet for easy pasting into Word at a sensible size (Copy // Paste Special // Float above text OFF).

![A cumulative response record:](chart1)

![A ticker record for the whole session:](chart2)
Or you can easily split it into chunks:
