Dec 2021

Qualifications

2015	Certificate of Completion of Training , general adult and liaison psychiatry	
2009	Membership of the Royal College of Psychiatrists	All parts at first attempt.
2007	Membership of the Royal Colleges of Physicians of the United Kingdom	All parts at first attempt.
2006	Doctor of Medicine , University of Cambridge	No corrections.
2001	Doctor of Philosophy , Experimental Psychology, University of Cambridge	No corrections.
2001	Bachelor of Medicine & Bachelor of Surgery (*) , University of Cambridge	(*) Distinction
2000	Master of Arts , University of Cambridge	
1996	Bachelor of Arts (with Honours) , University of Cambridge	
	Part IA: Anatomy, Biochemistry, Physiology, Sociology, Genetics	Class I
	Part IB: Anatomy, Neurobiology, Pathology, Pharmacology, Psychology, Reproductive Biology and Endocrinology	Class I
	Part II: Neuroscience	Class I [Ranked first]
1992	S-Level: Physics (1: distinction), Chemistry (1: distinction)	
1992	A-Level: Physics (A), Chemistry (A), Biology (A), Further Mathematics (A)	
1991	A-Level: Mathematics (A) (self-taught)	

Clinical status

Clinically qualified; clinically active.

Posts held

2021–present	Associate Professor of Clinical Informatics , Department of Psychiatry, University of Cambridge.
2016–present	Honorary consultant liaison psychiatrist , Cambridgeshire & Peterborough NHS Foundation Trust (CPFT) and Cambridge University Hospitals NHS Foundation Trust.
2016–2021	University Lecturer in Clinical Informatics , Department of Psychiatry, University of Cambridge (unestablished, 2016–2021; established/tenured, 2021).
2011–2016	Clinical Lecturer in Psychiatry , University of Cambridge.
2010–2016	Honorary specialist registrar in general adult/liaison psychiatry , CPFT. <ul style="list-style-type: none"> • 2015–2016: community, Cambridge/Ely. • 2014–2015: ST6, acute inpatient and crisis resolution/home treatment, Fulbourn Hospital. • 2013–2014: ST5, liaison psychiatry, Addenbrooke's Hospital. • 2010–2013: ST4, liaison psychiatry, Addenbrooke's Hospital. • 2010–2010: ST4, rehabilitation and recovery team, Lucille van Geest Centre, Peterborough.
2010–2014	Wellcome Trust Fellow , Brain Mapping Unit, Department of Psychiatry, University of Cambridge. <ul style="list-style-type: none"> • 2012: Visiting fellow, Center for Computational Neuroscience & Neural Technology, Boston University. • 2010: Visiting fellow, Gatsby Computational Neuroscience Unit, University College London. • 2010–2011: Clinical research associate, University of Cambridge.
2007–2010	Academic clinical fellow in psychiatry , CPFT and University of Cambridge. <ul style="list-style-type: none"> • 2010–2010: ST3, general adult psychiatry, intake and treatment team, Peterborough. • 2009–2010: ST3, liaison psychiatry, Addenbrooke's Hospital. • 2009–2009: ST2, child and adolescent psychiatry, Darwin Centre for Young People, Cambridge. • 2008–2009: ST2, general adult psychiatry, Hinchingbrooke Hosp./Newtown Centre, Huntingdon. • 2008–2008: ST1, old age psychiatry, Addenbrooke's & Fulbourn Hospitals. • 2007–2008: Specialty registrar (ST1), general adult psychiatry, Fulbourn Hospital, Cambridge.
2005–2007	Senior house officer (SHO) in medicine . <ul style="list-style-type: none"> • 2007–2007: Cardiology and acute general internal medicine, Addenbrooke's.

- 2006–2007: Respiratory medicine, Papworth Hospital, Cambridge (respiratory support and sleep centre; cystic fibrosis and lung defence service; pulmonary vascular diseases unit).
 - 2006–2006: Geriatrics and acute general internal medicine, Addenbrooke's.
 - 2005–2006: Hepatology and general internal medicine, Addenbrooke's.
- 2002–2005 **Lecturer in Neuroscience**, Behavioural and Clinical Neuroscience Centre (later Institute) and Department of Experimental Psychology, University of Cambridge.
- 2001–2002 **House officer**.
- 2002–2002 (surgery): trauma and orthopaedic surgery, general surgery, and colorectal surgery; Norfolk & Norwich University Hospital, Norwich.
 - 2001–2002 (medicine): general internal medicine, respiratory medicine, geriatrics, stroke medicine, and infectious diseases; Addenbrooke's Hospital, Cambridge.
- 1989–1996 **Systems support programmer** (1996), **programmer/systems manager** (1995), **computer assistant** (1994), **computer technician** (1992–1993), South Kent College, Folkestone; **clerk** (1992), Saga Services Ltd, Folkestone; freelance **systems consultant** (1994–1995) and **communications programmer** (1989–1990), including for Mencap, South East Kent Doctors On Call Ltd, H. V. Wooding Ltd, and Shepway Community Health Care Trust.

Education

- 1993–2001 St John's College, Cambridge.
- 1985–1992 The Harvey Grammar School, Folkestone.
- 1980–1985 Sandgate Primary School, Folkestone.

Prizes and distinctions

- 2019– NHS Clinical Excellence Award.
- 2014 **Higher Psychiatric Trainee of the Year**, Royal College of Psychiatrists.
- 2007 **Sir Lionel Whitby Medal & Prize** (for MD of exceptional merit), University of Cambridge.
- 2007 **Ralph Noble Prize** (for MD dissertation in psychiatry), University of Cambridge.
- 2003 **Finalist, international Eppendorf & Science Prize for Neurobiology**.
- 2002 **British Psychological Society Award for Outstanding Doctoral Research Contributions to Psychology**.
- 2001 College Prize (for Medicine), St John's College, Cambridge.
- 2001 Peter Brook Award for Psychiatric Research, University of Cambridge.
- 1996 Northcott Prize (for Neuroscience) and Hughes Year Prize, St John's College.
- 1996 Parke-Davis Prize for Neuroscience, University of Cambridge.
- 1994 & 1995 Wright Prize (for Medical & Veterinary Sciences), St John's College.

Dissertations

- | | |
|------|--|
| 1996 | Cardinal RN (1996). <i>Disruption of latent inhibition and perceptual learning</i> . Neuroscience Part II project, Department of Experimental Psychology, University of Cambridge. Supervisors: Claire H. Bennett, Nicholas J. Mackintosh. |
| 2001 | Cardinal RN (2001). <i>Neuropsychology of reinforcement processes in the rat</i> . PhD thesis, University of Cambridge. DOI: 10.17863/CAM.16462 . Supervisor: Barry J. Everitt. Co-supervisor: Trevor W. Robbins. Examiners: Nicholas J. Mackintosh, Dai N. Stephens. |
| 2006 | Cardinal RN (2006). <i>Neural systems involved in delay and risk assessment in the rat</i> . MD thesis, University of Cambridge. DOI: 10.17863/CAM.16465 . Unsupervised. Examiners: Susan D. Iversen, Dai N. Stephens. |

Software for research and clinical practice: major packages

- | | |
|-------|--|
| 1997– | Cardinal RN . <i>Assorted open-source code</i> at pobox.com/~rudolf and github.com/RudolfCardinal . |
| 2000– | Cardinal RN , Aitken MRF. <i>Whisker</i> . Behavioural research control software. To 2011, used in >180 primary data papers and by 27 academic institutions across Europe and North America, 6 government agencies (in China, Israel, Singapore, UK, and the USA), and >16 commercial entities including 6 of the largest 12 pharmaceutical companies worldwide. See www.whiskercontrol.com and PMID 21139173 . |
| 2000– | Cardinal RN . Behavioural clients for Whisker, including <i>MonkeyCantab</i> . See www.whiskercontrol.com . |
| 2013– | Cardinal RN , Burchell M. <i>CamCOPS: the Cambridge Cognitive and Psychiatric Assessment Kit</i> . Open-source secure cross-platform software for cognitive and psychiatric assessment. See camcops.readthedocs.io and PMID 34867492 . |
| 2015– | Cardinal RN . <i>CRATE: clinical records anonymisation and text extraction</i> . Open-source cross-platform pipeline including anonymisation, a natural language processing framework, clinical and research query tools, and |

consent-to-contact management. See craetanon.readthedocs.io and PMID [28441940](https://pubmed.ncbi.nlm.nih.gov/28441940/).

Funding

- 1997–2000 James Baird award, University of Cambridge School of Clinical Medicine.
- 1997–2000 **PhD studentship**: UK Medical Research Council (MRC) research studentship.
- 2002–2007 **Lectureship**: UK MRC Lectureship in Neuroscience (Behavioural and Clinical Neuroscience Centre/Institute; taken until 2005).
- 2007–2010 **Fellowship**: UK NHS National Institute for Health Research (NIHR) Academic Clinical Fellowship in Psychiatry (ACF-2007-14-006).
- 2010–2014 **Fellowship**: Wellcome Trust (WT) Postdoctoral Fellowship for MB/PhD Graduates (091 998/Z/10/Z). *Developing models of thalamocortical unsupervised attentional selection and competitive learning*. £194k.
- 2010–2015 Faculty: MRC/WT Behavioural and Clinical Neuroscience Institute (principal investigators [PIs]: Trevor W. Robbins & Edward T. Bullmore; MRC [G1000183](https://doi.org/10.1000/183), WT [093875/Z/10/Z](https://doi.org/10.1093/z/10/z)). £5M.
- 2014–2021 Collaborator: WT Senior Investigator Award in Biomedical Science (PI: Trevor W. Robbins, [104631/Z/14/Z](https://doi.org/10.104631/Z/14/Z)). *Fronto-striatal systems in impulsive–compulsive disorders*. £2.9M.
- 2016–2021 Collaborator: WT Investigator Award in Biomedical Science (PI: Angela C. Roberts; [108089/Z/15/Z](https://doi.org/10.108089/Z/15/Z)). *Fractionating the functions of primate ventromedial prefrontal cortex of relevance to depression*. £2M.
- 2017–2022 Collaborator: Alzheimer’s Society Project Grant (PI: John T. O’Brien). *Using medical records to diagnose dementia with Lewy bodies*. £400k.
- 2018–2019 Collaborator: UK Engineering and Physical Sciences Research Council (EPSRC) Healtex award (PI: Julia Ive). *Towards shareable data in clinical natural language processing: generating synthetic electronic health records*. £25k.
- 2018–2021 **Principal investigator**: MRC Mental Health Data Pathfinder award (University of Cambridge, CPFT; [MC_PC_17213](https://doi.org/10.1000/17213)). **£1.5M**.
- 2019–2020 Collaborator: EPSRC Healtex award (PI: Natalia Viani). *Modelling and extracting disease progression from multiple patient documents: a study of psychosis symptom trajectories*. £20k.
- 2020–2021 **Co-investigator**: MRC, UK Arts and Humanities Research Council (AHRC), and UK Economic and Social Research Council (ESRC) “Adolescence, Mental Health and the Developing Mind” Engagement Award (PI: Anna Moore; [MR/T046430/1](https://doi.org/10.1000/T046430/1)). *Towards early identification of adolescent mental health problems (TIMELY)*. £101k.
- 2021–2021 **Principal investigator**: NIHR Cambridge Biomedical Research Centre (BRC) project ([BRC-1215-20014](https://doi.org/10.1000/BRC-1215-20014)). *Development of CamCOPS/CRATE for broader clinical/research use*. £23k.
- 2021–2021 **Principal investigator**: NIHR Cambridge BRC project ([BRC-1215-20014](https://doi.org/10.1000/BRC-1215-20014)). *Patient/public involvement for underrepresented views on data use and for Cambridge BRC data linkage*. £19k.
- 2021–2021 **Co-investigator**: NIHR Artificial Intelligence for Multiple Long-Term Conditions award (PIs: Deepti Gurdasani & Golam Khandaker; [NIHR202646](https://doi.org/10.1000/NIHR202646)). *Using deep learning approaches to examine serious mental illness and physical multimorbidity across the life-course: from mechanisms towards novel interventions*. £117k.
- 2021–2021 **Principal investigator**: CPFT Research & Development Strategic Funding award. *Improving mental health data use through patient/public involvement and software development*. £20k.
- 2021–2026 Collaborator: MRC Programme Grant (PI: Angela C. Roberts; [MR/V033492/1](https://doi.org/10.1000/MR/V033492/1)). *Psychological, pharmacological and developmental insights into the prefrontal circuits underlying threat regulation and negative bias in marmosets*. ~£2M.
- 2021–2024 **Co-investigator**: MRC/Health Data Research UK (HDR UK) Mental Health Data Hub (PI: Ann John; [MR/W014386/1](https://doi.org/10.1000/W014386/1)). *DATAMIND – Data Hub for Mental Health Informatics Research Development*. **£2M**.

- 2021–2022 **Co-investigator:** Alan Turing Institute “Towards Turing 2” grant (PI: Anna Moore; T2-15). *TIMELY: towards early identification of child and adolescent mental health problems*. £251k.
- 2022–2022 **Co-investigator:** HDR UK/Data and Analytics Research Environments (DARE) UK Sprint Exemplar grant (PI: Anna Moore). *FAIR TREATMENT: Federated analytics and AI Research across TREs [trusted research environments] for Adolescent MENTAL health*. £344k.

Research supervision

- 1999 Maitrise: Guillaume Lachenal (École Normale Supérieure, Paris, and University of Cambridge). *Effect of limbic lesions on autoshaping performance*.
- 1999–2000 Undergraduate (Part II Psychology, University of Cambridge): David R. Pennicott, C. Lakmali Sugathapala. *Role of anterior cingulate cortex in choice involving delayed reinforcement*.
- 1999–2000 Undergraduate (Part II Psychology): Andrew J. Toner, Hosnieh Djafari-Marbini. *Role of anterior cingulate cortex in Pavlovian conditioning*.
- 2002–2003 Undergraduate (Part II Psychology): Laura C.E. Sorensen, Aidyn Kussainov, Shahzad M. Alikhan, Rosemary A.B. Marsh. *Effects of buspirone on human cognition*.
- 2002–2003 Undergraduate (Part II Psychology): Timothy H.C. Cheung. *Effect of nucleus accumbens core lesions on free-operant learning with delayed reinforcement*.
- 2003–2004 Undergraduate (Part II Psychology): Minh L. Lam, Ranbir S. Sandhu. *Effects of guanfacine on human cognition*.
- 2003–2004 Undergraduate (Part II Psychology): Nathan J. Howes. *Effects of nucleus accumbens core lesions on choice involving uncertain reward*.
- 2004–2005 Undergraduate (Part II Psychology): Christopher Burnie, Louis G.S. Verdi, Steven T. Romans. *Developing an audiovisual intradimensional/extradimensional set-shifting task for the rat*.
- 2003–2004 MPhil: Timothy H.C. Cheung. *Contributions of the ventral striatum and the hippocampus to the processing of delayed reinforcement in the rat*.
- 2003–2006 PhD (as advisor): Sanne de Wit. *Resolution of conflict between goal-directed actions*. Supervisor: Anthony Dickinson.
- 2017– PhD (as advisor): Tsen Vei Lim. *Investigating reward reinforcement learning in stimulant drug dependence using a computational approach*. Principal supervisor: Karen Ersche.
- 2017– PhD (as clinical supervisor): Emma Rocheteau. Principal supervisor: Pietro Liò.
- 2018–2020 Postdoctoral research associate: Soumya Banerjee.
- 2019–2021 Postdoctoral research associate: Shanquan Chen.
- 2020–2021 MPhil (as advisor): Lukas Cincikas. *Decision-making in substance use disorders*. Principal supervisor: Karen Ersche.

External invited lectures and talks (accepted); public engagement

- 2002 *Choice, Behavioral Economics and Addiction*. Birmingham, Alabama, USA, 15–17 March 2002.
- 2003 *The Neural Basis of Desire and Addiction*. British Neuropsychiatry Association Annual Meeting; London, UK, 14 February 2003.
- 2003 *Neurobiology of Cognition in Laboratory Animals*. Symposium within the International Behavioral Neuroscience Society Annual Meeting; San Juan, Puerto Rico, 23–27 April 2003.

Teaching and teaching awards

University of Cambridge	<p>MB BChir, School of Clinical Medicine: <i>Depression</i> (lecture, 2016–). <i>Fatigue</i> (clinicopathological conference, 2017–18, 2020–). “Excellent Teaching Award”, Cambridge University Clinical Students’ Society (2015, 2018).</p> <p>NST II (third year) Neuroscience/Psychology: <i>Brain Mechanisms of Memory and Cognition</i> (2002–5).</p> <p>MVST I_B (second year) Neurobiology & Human Behaviour: <i>Reasoning about uncertainty and learning strategies in medicine</i> (self-directed exercise, 2005–6). <i>Neuroanatomy practicals</i>, psychiatry component (2021).</p> <p>NST I_B (second year) Psychology: <i>Introduction to Neurobiology</i> (2003–5). <i>Statistics practical series</i> (2003–5). <i>Emotion and Motivation</i> (2002–4).</p> <p>Department of Psychiatry: <i>Computational psychiatry workshop</i> (2018). <i>MPhil Thesis Writing Workshop</i> (2019–).</p> <p>Department of Experimental Psychology: <i>Guide to ANOVA</i> (2003–4). <i>Graduate programming classes</i> (2003–4).</p> <p>Large-group (30–200) and small-group (1–6) teaching in neuroscience and psychology at second- and third-year undergraduate level (2002–5). Coordinating supervisor for some colleges. Teaching related to own courses, plus <i>Brain Mechanisms of Motivation</i> (third-year psychology), <i>Neurobiology and Human/Animal Behaviour</i> (second-year medicine and veterinary medicine).</p> <p>Supervisor in endocrinology, reproductive biology, neurophysiology/neurobiology/neuroscience, and psychology (1996–2001). St John’s College, Downing College, New Hall, and Clare College.</p>
NHS	<p>MRCPsych course, Fulbourn Hospital: <i>Emotion and Motivation</i> (2003–4, 2014–15, 2017–20). <i>Motivation</i> (2018). <i>Memory</i> (2004, 2014–15, 2017–20). <i>Physical examination in psychiatry</i> (2010). <i>Schizophrenia: early intervention and assessment</i> (2012). <i>Post-traumatic stress disorder</i> (2013). <i>Psychosis: mechanisms, investigations, rating scales, outcome measures</i> (2015). <i>Psychiatric presentations of organic disease</i> (2015). <i>Learning theory</i> (2017–20).</p> <p>Clinical supervision of junior doctors; ad hoc teaching (medical students, junior doctors, others; 2005–).</p> <p>MHA Approved Mental Health Professional (AMHP) training, CPFT: <i>Mental disorder</i> (2017).</p>
Other	<p><i>Computational modelling and its relevance to psychiatry</i> (2013). Cambridge Neuropsychiatry Day, University of Cambridge and CPFT.</p> <p><i>Masterclass: latest advances in psychopharmacology: Case discussion</i> (2013–14). Cambridge Psychopharmacology Programme, CUP/Neuroscience Education Institute, Cambridge.</p>

Examining

2003	Assessor (examiner) for the MVST Experimental Psychology I _B Option, University of Cambridge.
2003–2005	Assessor (examiner) for the Natural Sciences Tripos (NST) Part II Neuroscience, University of Cambridge.
2004–2005	Senior Assessor (examiner) for the Medical & Veterinary Sciences Tripos (MVST) Experimental Psychology I _B Option, University of Cambridge.
2007–	PhD examiner. <i>Cambridge</i> : Sietse Jonkman, 2009; Joshua Keeler, 2013; Michael Gottschalk, 2015; Suyi Zhang, 2018; Matthew Leming, 2020; Romit Samanta, 2021. <i>King’s College London</i> : Giouliana Kadra-Scalzo, 2017. <i>Nottingham</i> : Lourdes Valencia-Torres, 2011. <i>Oxford</i> : Peter Rudebeck, 2007.

Leadership and administration

CPFT	<p>Research: Academic lead clinician (2012–) and principal investigator (2017–), CPFT Research Database (2012–, NHS Research Ethics references 12/EE/0407, 17/EE/0442) and CPFT Clinical Data Linkage Service (2020–, NHS Research Ethics reference 17/EE/0442, Confidentiality Advisory Group reference 20/CAG/0087). Research & Development Leadership Team (2015–). Chair, Research Database Oversight Committee</p>
------	---

(2016–).

Clinical informatics: **Chair, Clinical Reference Group** (2016–2019), subsequently **Clinical Design Authority** (2019–). Clinical Systems Programme Board (2016–2019), subsequently Digital Transformation Board (2019–). Deputy chair, OneVision Steering Group for electronic health records (2019–2021).

Other: Medical Education Committee & Rota Group (redesigned rota; 2008–2009). Clinical Effectiveness Group (2021–).

CUH Junior doctor rota redesigner, medicine (2006). Research Data Governance Committee (2016–2020). Epic speciality lead for Liaison Psychiatry (2021–).

NHS Leadership training course, NHS East of England Multiprofessional Deanery (2013–2014). Cambridgeshire and Peterborough Sustainability and Transformation Partnership (STP) Digital Enabling Group (2020–).

University of Cambridge *University*: MVST Neurobiology and Human Behaviour Committee (2004–2005). Second MB (Bachelor of Medicine) Exemptions Committee (2004–2005). MVST Part I (preclinical medical/veterinary education) Committee (2004–2005). Gender Equality Steering Group (2016–2017). Open Research Infrastructure Sub-Group (2019).

Cross-departmental: optimization problems (including Research Excellence Framework, 2018–; undergraduate project allocation for Physiology, Development & Neuroscience, 2019).

School of Clinical Medicine: Athena SWAN Steering/Governance Group (2012–2017). Review Panel on General Practice Academic Clinical Fellowships (2012–2013). Senior Gender Equality Champion (2016–2017).

Department of Psychiatry: Senior staff (2016–). Postgraduate Education Committee (2021–).

Department of Experimental Psychology: Senior staff (2002–2005). Appointment interviewer (2002). **Director of Undergraduate Teaching** (2003). **Chair, Computer Management Group** (2003–2005). **Course organizer**, MVST IB Experimental Psychology Special Option course (2004–2005). **Course organizer**, Experimental Psychology component of the MVST IB Neurobiology & Human Behaviour course (2004–2005).

Behavioural and Clinical Neuroscience Institute: Protocol Review Panel (2010–2014).

Selwyn College, Cambridge: Undergraduate admissions interviewer (2004).

Editorial work

2016–2021 **Handling Editor**, *Computational Psychiatry* (MIT Press).

Other skills

Clinical procedures. *Experienced in:* peripheral venous cannulation, venepuncture, arterial blood sampling, suturing and wound closure, electrocardiography, spirometry, urinary catheterization, pleural fluid aspiration, thoracocentesis, ascitic fluid aspiration, paracentesis, central venous cannulation (internal jugular and femoral approaches), DC cardioversion, external cardiac pacing, exercise tolerance test supervision, care and removal of pericardial drains, lumbar puncture, intercostal drain insertion (Argyle and Seldinger techniques) and removal, and electroconvulsive therapy (ECT). *Performed:* endotracheal intubation, echocardiography, oesophagogastroduodenoscopy with biopsy, nasogastric tube insertion, rigid sigmoidoscopy, and rectal biopsy, temporary pacing wire insertion, dynamic hip screw insertion, and minor surgical procedures. *Advanced Life Support (ALS) provider certification, 2007–2011* (selected for ALS Instructor training).

Computing. I have been using computers since 1983 and programming since 1985. I am fluent in the computer languages C, C++ (with Boost, DirectX, MFC, MPI, ODBC, Qt, STL, and multithreading environments), 6502 assembler, ARM assembler, BASIC, Javascript, Perl, Python, R, and SQL in various flavours. I am familiar with bash, HTML, and Java, and have also used x86 assembler, Awk, CMake, Lisp, Lua, Matlab, Pascal, Octave, and Sage. I have experience of using, programming for and administering Android, iOS, Linux and UNIX, MS-DOS, OS/2, Novell Netware (3, 4), RISC OS, Windows (2, 3, NT, 95, 98, 2000, XP, Vista, 7, 8, 10), database engines (DBase, Dataflex, MySQL, Oracle, SQLite, SQL Server), IP and IPX networks, and hundreds of application programs, along with associated hardware.

Behavioural neuroscience. Stereotaxic neurosurgery in rodents, including intracranial cannulation and excitotoxic lesion techniques. Tissue perfusion; histological staining and assessment. Behavioural task design and real-time control programming. Intracerebral infusion in freely-moving animals. Systemic psychopharmacology. Computer simulation. Statistical analysis. Manuscript preparation and editing, public speaking, and refereeing.

Animals (Scientific Procedures) Act. UK Home Office Personal Licence holder (1997–2007; modules 1–4, 1997; module 5, 2003) and Deputy Project Licence holder (2004–2005).

Mental Health Act. Approved under section 12(2) of the Mental Health Act as having special experience in the diagnosis or treatment of mental disorder (2010–). Approved as an Approved Clinician (2015–).

Office of National Statistics (ONS) Accredited Researcher (2020–); Accredited Researcher #34471.

Financial declarations other than income from primary/honorary employers

2002–	Software royalty income from the sales of Whisker and related software by licensee companies: Cambridge Cognition Ltd, 2002–2004; Campden Instruments Ltd, 2004– (owned by the Lafayette Instrument Company Inc.). Royalties are paid via companies owned by the University of Cambridge (Cambridge University Technical Services Ltd; Cambridge Enterprise). I have also been paid as a consultant to Campden Instruments Ltd (2004–) and the University of Cambridge (2009–) regarding these software products. End users of our software include universities, companies, and government research organizations.
2006–	Book royalty income from: Taylor & Francis Group, previously Lawrence Erlbaum Associates (2006–); Cambridge University Press (2011–).
2010–2015	Occasional fees from UK government agencies for Mental Health Act assessments.
2014	Occasional lecture fee from the Neuroscience Education Institute (2014).

Professional societies and invited positions

1996–	Member, Medical Protection Society.
1999–	Member, European Behavioural Pharmacology Society.
2000–	Member, British Neuroscience Association.
2000–	Member, Society for Neuroscience.
2001–	Medical practitioner registered with the UK General Medical Council. Provisional registration 2001; full registration 2002; licensed to practise from the introduction of licensing (2009–); Specialist Register (general psychiatry and liaison psychiatry, 2015–); registration #6029215.
2003–2019	Member, New York Academy of Sciences.
2005–	Member, British Medical Association.
2005–	Associate (2005–2007), Member (2008–2013), and Fellow (2013–), Institute of Biomedical Science (FIBMS).
2006–	Chartered Biologist (2006–2017); Member, Institute of Biology (2006–2009), later Society of Biology (2009–2015), later Royal Society of Biology (2015–2021); Fellow (2021–), Royal Society of Biology (FRSB).
2007–	Chartered Psychologist (CPsychol); Member (2007–2011) and Associate Fellow (2011–), British Psycholo-

- gical Society (AFBPsS).
- 2007– Member, British Neuropsychiatry Association.
- 2007– Member, Royal College of Physicians of London.
- 2010– Member (2010–) and **Fellow** (2021–), Royal College of Psychiatrists.
- 2012– Member, British Association for Psychopharmacology.
- 2020– **Fellow**, Faculty of Clinical Informatics (FCI).
